## **Grant Funding Application Form**

Rochdale Borough Council has approved an allocation of £20,000 to support a programme of community activities and events which link to the Tour de France and which will assist in showcasing the borough during the period running up to and following the tour.

Community Groups and Event Organisers can apply for funding from the council to support their events. The closing date for applications is 19 May 2014.

Requests for funding will be considered by a panel of council representatives against the criteria below:

| Criteria A | The event will support the promotion of healthy lifestyles, encouraging participants to have a go at activities/sports at the event.                                         |
|------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Criteria B | The event will support the sustainability of local groups to increase their memberships and therefore increasing the activities available to communities within the borough. |
| Criteria C | The event will support community engagement within the area and encourage participation and cohesion within the communities across the borough.                              |

Any applications approved through this process will then need to submit the council's Event Management Application form which will give more detail about the proposed event and will need to be considered by the Safety Advisory Group (SAG) as per the usual process. This form will be supplied to successful applicants.
