

# Step By Step Getting Qualified Guide

---

## Step 1

Register for free with PTL. Take down the enquiry details ie: name, address, email, mobile, current licence status and the training they require – C & C+E etc. Ask them do they require online theory training and booking of theory test.

## Step 2

Ask the enquiry if they would like us to send a Starter pack containing all forms, application, online training software and provisional course dates as well as booking their driver medical with Ryminster Medical Services – on account as Pennine CPC Training Limited.

## Step 3

Attend your Driver Medical and send your completed D4 (medical examination report) and D2 (application for provisional lorry entitlement) to DVLA (envelope in starter pack needs 1st class stamp).

## Step 4

Pass your Theory Test with help from our unique online training kit. This can be found on our website using a unique log on and password.

---

## Step 5

Attend your selected Practical Training Course – at one of our centres nationwide. Take your driving test – within our training team there is an advanced police instructor and also many highly trained and experienced trainers who all are Class 1 drivers themselves for over 15 years. We pride ourselves with pass rates exceeding 90% - which in this very competitive field is an excellent success rate.

## Step 6

Once you have completed your chosen licence we can instruct you on how to acquire your Driver CPC Qualification thus ensuring you can drive your chosen vehicle for a living.

## How To Get Started

Hopefully, our explanation of HGV training in Manchester has sparked your interest. If so, getting started is very easy. You simply contact us on our office telephone number and speak with one of our training consultants. We will explain everything you need to know along with providing details about class registration and schedules.

Should you decide to train with us, and we hope you will, we will provide you with free things straightaway:

## Medical Package

Your medical package will include the paperwork you will need for your HGV medical exam along with contact information for local doctors offering exams at reasonable prices or we can book a medical examination for you. Expediting your training dictates that you should pay for a private exam rather than trying to go through the NHS.

## Entitlement Package

Your entitlement package includes the application information you will need to apply for your provisional entitlement. Our administrative staff will be happy to help you complete and submit the paperwork if you require assistance.

## Training Software

We provide all of our new students with training software designed to prepare them for the HGV theory test. This software includes questions taken from previous tests as well as a number practice tests that will get you used to the testing environment.

# Step By Step Getting Qualified Guide

---

The first steps in the training process are to undergo a medical exam, apply for your provisional entitlement, and prepare for the theory test while you wait for the entitlement to arrive in the post. You can take a theory test preparation class if you want to. When you eventually do take the test, you must score 85/100 on the first part and 67/80 on the second part to pass. You can then move on to practical skills training.

This training involves both classroom and hands-on training. In just a few weeks' time, you should be ready to take the final two tests required to get your licence. Pass those two tests and you will have both your licence and your initial CPC qualification card. You will be able to start looking for work right away.

Are you ready to embark on your career as a professional driver? If so, contact us to learn more about HGV training in Manchester and Flitwick. The sooner you do the sooner you will be earning an excellent salary doing a job you love.
