

Hello, and thank you for choosing to undertake your HGV training with us. My name is Jared Bullock and I am a Director of PTL. We are a small family run business with the emphasis on one to one training. We have a wealth of experience in the industry and our trainers are amongst the highest trained in the Country including former Advanced Police Instructors.

The training and costs can be broken down as follows :-

HGV Medical - £50

Module 1

Theory and Hazard Perception test - £40.00.

This includes access to our free online training portal to assist the candidate with their training and preparation. If training is required, this can be arranged at our Rochdale training centre, typically on Mondays and Fridays.

Module 2

CPC (Certificate of Professional Competence) Case Studies -£24.00.

This includes access to our free online training portal to assist the candidate with their training and preparation.

Module 3

Practical vocational test:

£115.00 weekdays
£141.00 on Saturdays

Module 4

CPC practical demonstration test - £55.00

The driving assessment prior to undertaking your driver training is free of charge. This will then assist us to determine how many hours you will require before taking your test.

Our driver training for Category C & C+E is £40.00+VAT per hour. Our experience indicates that a new student typically requires 12 – 16.

Category C is a vehicle over 7.5 Tonnes (MAM) otherwise known as a Rigid.

Category C+E is an articulated vehicle (with a trailer) up to 44 Tonnes (MAM).

Please note once you have completed your training for either class C1 or C you will not have to repeat modules 1, 2 or 4. Those passes will last for the duration of your driving career. However, once you are granted your initial CPC card, (Driver Qualification Card) you will have to complete 35 hours of classroom training every five years to keep it up to date.

You will need to purchase a digital Tachograph card from the DVLA for £32.00 and you can apply for this card online or search for the form D777B (DL) included within this information pack.
