Parents Against Grooming UK Est.2014 - Website: <https://paguk.org>

### Parents Against Grooming UK

PAGUK was founded in 2014 amidst the grooming scandal that blighted our town.

*The initial idea of the group was to network parents together and push for action and accountability for failures by the Local Authority, and to prevent our children being in danger, by sharing information that would keep our kids **safe**. This included the exposure of those who seek to harm our kids, and those who are supposed to protect them.*

*We have evolved over the years into something more of a survivor community, and offer many services to many people within our community...*

### Walk-in Centre

PAGUK walk-in centre is designed to be a safe environment for people to come and seek support. A welcoming front door, open to **all** whom need it.

### Peer-to-Peer

PAGUK, along with other founders of Survivors Matter, Dan and Mike, have devised a programme for a peer-to-peer module, we have been successfully running for quite a while. We have run the male survivor peer-to-peer for over 4 months, with a massive response, and it's rapidly becoming a larger group.

We have also started a peer-to-peer female survivor group. We are hoping this will have the same success that the male one is having.

Other projects we will be running soon:

1. Survivor Art and Chat group - tba
2. Self-defence Class - free of charge - tba
3. Internet Awareness group - tba
4. Domestic Abuse groups - tba
5. Parental Awareness group - tba
6. Family groups - tba
7. Drugs and Alcohol Awareness groups for kids - tba

We are also taking bookings for hypnotherapy, providing you pass the assessment stage. This can cover; smoking cessation, pain management and many others. Check our website <https://paguk.org> for updates.

ALL projects and services run by PAGUK are run for free for all.

We are able to provide all this for **FREE** because of donations from you guys.

### Our pledge to you the people:

PAGUK will continue to fight and expose those who are committing these disgusting crimes against people, and those that protect them. PAGUK will lead the front line in preventing child abuse by patrolling the streets and supporting survivors.

PAGUK will continue to raise awareness in the attempt to empower other survivors to come forward.

PAGUK will continue to keep you the people fully aware of offenders in your area

**Thank you all** for your continued support.

We do **ALL** this for these reasons:
